Sir:

In response to the Examiner's Office Action dated September 6, 2002, subject to a one-month extension of time, Applicants respectfully submit the following amendment and remarks in connection with the above-identified application.

IN THE CLAIMS

Please amend the claims as follows:

1. (Amended) A reflective liquid crystal display device, comprising:
- a liquid crystal layer sandwiched between a first substrate having a light reflectibility and a second substrate having a light transmissibility, the liquid crystal layer being composed of twist-aligned nematic liquid crystal having a positive dielectric anisotropy; and
